MUCC SPORTING CLAYS/ARCHERY STATE SHOOT

INSTRUCTIONS FOR "PRE- REGISTRATION" FORM

- Use one registration form per individual or team.
- For individual shooters, fill in the Captain section for the registration form.
- When form(s) are completed, with the Captain's and Team member's or Individuals name, address, phone number, event type, class type including what type of Junior (Junior, Sub-Junior, Sub Sub Junior) shooting time and day, mail with check of the entry fees for each event to the address below. No individual or team will be squadded without full payment. See event flier or rules for fees
- **For confirmation, please include self-addressed stamped envelope.**
- Requests are honored in the order received. Preference is given to the individual or team traveling the greatest distance, in case of duplicate requests.
- If you register by phone: Phone registrations are only held for seven calendar days, for the check to arrive. After the seventh day the spot will be forfeited and the next available team or individual will get that spot. 4) Use one registration form per individual shooter or team for each event.
- When pre-registering teams with less than five members, leave the extra lines blank.
- Events that require all members of a team to shoot together, must squad together and include the first and last names and addresses of each team member.
- Times on the application are rounded off to the hour. Shooting times are not exactly on the hour for some events. For actual shooting time, report to registration at least one hour early on the day of the shoot (if confirmation wasn't requested).
- MUCC Teams have preference in registration until 3 weeks prior to shoot, and then individual shooters can be squadded. We still urge individual shooters to send in their registrations early and will be squadded in the order as received.
- Squadding for Sporting Clays will be six person squads and Archery will be four – five person squads, if teams want to shoot together they have to squad together in the same envelope. You must check in 1 hour before shooting time at registration. Please provide the first/last names and addresses of team members (if known) to help with pre-registration. Team member's names can be changed up until the team's first shot is fired.
